Re: File Closure, Doubleshoe #2, S/047/059, Uintah County, Utah

Dear Mr. Hirst:

This letter is to notify you that we are closing our file for your Doubleshoe #2 mining operation, located in Section 34, T6S, R21E, Uintah County, Utah. A site inspection was made on April 11, 1996, and no disturbances as described in the notice were found at the site.

You requested that this file be closed in your annual report for 1994. This Division had to perform a field inspection before the file could be closed.

If you wish to resume mining operations in this area, you must submit a new Notice of Intention to Commence Mining to this office or the appropriate land management agency prior to conducting any operations. If you have any questions regarding this action, please notify me. Thank you for your cooperation and patience.

Sincerely,

Anthony A. Gallegos
Senior Reclamation Specialist
